EDUCATION

Indira Gandhi Delhi Technical University for Women

B.Tech in CSE (AI) — GPA: 9.00/10

Delhi, India

2024 – Present

EXPERIENCE

AI/ML Research Intern

Jun 2026 – Jul 2026

Netaji Subhas University of Technology (NSUT)

Delhi, India

- Developed an NLP pipeline to classify AI policy statements into 13 trustworthiness factors.
- Computed AI trustworthiness percentages using transformer models, EWM, and statistical analysis.

AI-Powered Full-Stack Intern

Jun 2025 – Jul 2025

Indira Gandhi Delhi Technical University (IGDTUW)

Delhi, India

- Developed AI-powered full-stack web applications using React, Node.js, and REST APIs.
- Built backend services, authentication, and API integrations for scalable applications.

PROJECTS

BetterX – Scalable AI-Driven Web Platform GitHub

Aug 2025 – Nov 2025

- Built an AI-powered full-stack web platform using React, Node.js, PostgreSQL, and MongoDB with secure authentication and modular REST APIs.
- Developed real-time analytics dashboards and scalable backend for efficient data processing and user management.

Plant Disease Image Classification GitHub

Oct 2025 – Nov 2025

- Developed a CNN-based plant disease classifier achieving **93.78% accuracy** across 38 disease classes.
- Built an end-to-end deep learning pipeline including preprocessing, training, evaluation, and deployment using TensorFlow and Streamlit.

Hinglish Sentiment Analysis (NLPIR 2025) Paper

Accepted at NLPIR 2025

- Built the Hinglish-24k dataset and fine-tuned mBERT for sentiment analysis of social media text.
- Benchmarked mBERT against TF-IDF models, leading to research accepted at **NLPIR 2025, Japan**.

TECHNICAL SKILLS

Languages: Python, C++, Java, JavaScript, SQL

AI/ML: PyTorch, TensorFlow, scikit-learn, Hugging Face, NLP

Web: React.js, Node.js, Express.js, FastAPI, REST APIs

Databases: PostgreSQL, MongoDB

Tools: Git, Docker, AWS, Linux

ACHIEVEMENTS

- **Finalist, CodeSlayer 2K25 Hackathon** – Top 65 of 10,000+ teams, 36-hour national-level hackathon at NIT Delhi
- **Research Paper** – Code-Mix Sentiment Analysis of Hinglish Tweets accepted at NLPIR 2025, Japan
- **JSTSE Scholar** – Awarded Merit Scholarship by Govt. of NCT of Delhi (Y2021)
- **International Rank 24** – Mathematics Olympiad IOM (Silverzone), State Rank 2 among national participants

CERTIFICATIONS

- **Internet of Things (IoT) Certification** – Telecom Sector Skill Council, covering fundamentals of IoT systems
- **DSA Bootcamp 3.0** – Completed training in data structures and algorithms (Java) with hands-on problem solving
- **Viksit Bharat Young Leaders Dialogue (VBYLD 2026)** – State-Level Finalist, national leadership program
- **Unleashing the Future of AI with AWS** – Attended technical session on cloud AI and emerging technologies
- **Pariksha Pe Charcha (PPC)** – Selected participant and attendee, interacted with Hon'ble Prime Minister of India
- **Netra Naari Netritva Program** – Surveillance drone design, development and deployment (Delhi Police)

POSITIONS OF RESPONSIBILITY

Media Head

Mar 2026 – Present

AWS Student Builder Group-IGDTUW

- Designed multimedia content improving event participation, visibility and audience reach across technical workshops

Design Lead

Jan 2026 – Present

CodeBenders

- Created branding assets, event creatives, and promotional materials ensuring consistency for workshops and events

Content Coordinator

Nov 2024 – Present

Microsoft Student Community-IGDTUW

- Created and managed technical content for events, workshops, and large-scale community outreach initiatives
